December 2011

Who can believe it is December? The busy and exciting holidays are a head of us and we can't wait at SOLA! The Art Show and Fall Dinner was a wonderful success. Thank you for joining us for a special evening full of amazing art and delicious food.

Artist Spot Light: Henri Matisse

Henri Matisse was a French artist whose work spanned over a half century. Matisse is best known as a painter and sculptor with vivid colors. He was a leading figure in modern art. Before his death he developed a technique of “painting with scissors” creating art through cut paper and collage. Watch out for Matisse inspired artwork this month.

Let's Travel to the Polar Regions

It is the perfect time of year to think about cold snowy places. This month we will introduce the Polar Regions of our Earth. We will discover what makes these parts special through the amazing geography, unusual animals and extreme climates only found at the furthest parts of our World.
