Who is Part of Your Family??

This month we will be taking time to explore the different members and relationships within our families. We are going to celebrate what makes our families different and special.

“Henri Rousseau”

Rousseau was a French Post Impressionist Painter in the early 1900's. He is best known for his jungle paintings despite never leaving France or visiting a jungle. His style was often described as flat and child like.

Our Travels Continue to Africa

This month as we study Africa we will focus on the countries of Morocco and Togo. Taking time to get to know the people, animals, geography, and sample some yummy food.
